

## What Others Have Said....

I attend at least one teacher's workshop each year but this was the first time I was actually taught "bible" along with methods. I truly appreciate your work and the fact that you teach things we seem to have forgotten in the church...

*RA Cleveland, TN*

Your displays were awe inspiring and I believe that Tanner and other congregations will grow because of your work...Thank you for a breath of fresh air and a renewed strength.

*GS Tanner, AL*

You have a passion for teaching, especially God's word. Thank you for sharing that passion as well as the material and experience you have gathered through the years.

**Need to  
improve  
your  
Bible  
classes?**

# Are your Bible classes successful?

## YES...

...if your classes are:

- ⇒ Effectively teaching your students Bible facts
- ⇒ Properly applying Bible lessons to their lives
- ⇒ Lighting the spark of God's love in students' hearts

## But...

...if the students are bored or the teachers are burned-out; if entertainment has replaced education or "curriculum" has replaced the Bible; if teaching has become merely reading a teacher's manual aloud...

...then it is time for you to host a **Teach Them to Know God** workshop for your congregation so your Bible class teachers can learn how to make class more exciting, effective, and inspiring!

## WHAT DOES IT TAKE TO MAKE BIBLE CLASSES SUCCESSFUL?

Great Bible classes begin with **vibrant teachers** who have **prepared their hearts and their lessons**. This workshop will teach your teachers to focus their preparations on what really counts.

The best Bible class teachers use extremely **effective aids**. Your teachers will see dozens of visual aids during the workshop -- and they will watch the instructors actually teach with the visuals so they **know how to use them** in their classroom!

Master teachers know how to **create interest** and to **build memories** that last long after the bell has rung. Discover how to **teach like THE MASTER TEACHER!**

*"What mean ye by these stones?"*

Effective Bible class teachers know the importance of using **multiple methods of repetition**. Your teachers will learn how to combine the right visual, song, activity, review, and take-home to **engrave God's Word deeply on student's hearts**.

**GIVE YOUR TEACHERS THE TOOLS TO MAKE THEIR BIBLE CLASSES HIGHLY SUCCESSFUL**
